

A cartoon turkey is the central figure, its body constructed from a single sheet of lined paper. Its head is a simple circle with a beak and a wattle. The tail feathers are represented by several colorful index cards (green, yellow, pink, and blue) fanned out behind it. Each card contains a sentence related to Thanksgiving. The turkey stands on two yellow feet. The background is a solid red color.

Zentangle
More than just a doodle

The cover of Zentangle magazine features a grid of 24 small squares, each containing a different intricate pattern or doodle. The patterns are created using the Zentangle technique, which involves drawing simple, repetitive shapes to form complex, textured designs. The title 'Zentangle' is prominently displayed at the top in a large, bold, stylized font. Below the title, the tagline 'More than just a doodle' is written in a smaller font. The overall aesthetic is artistic and creative, reflecting the Zentangle community's focus on pattern-making and mindfulness.
